Thanks, Dan. It will probably come up during the 1:00 discussion when we talk about the TO DO list. Matt, I know you have been busy, but do you any idea when you might have time to work on the FUSRAP portion? This task was tagged with a due date of 6/30/14 for a draft fact sheet. Thanks!

I have created a partial draft of this fact sheet, including the discussion of the numbers from the SFS. I don't think Matt has had a chance yet to write the FUSRAP-related section as he's been in the field. The draft document is in the TO-DO Tracking folder on H.

Just a reminder that our TO DO list has the task for a draft due on Monday, June 30 - "Prepare fact sheet describing rationale between the different FUSRAP and residential health numbers (e.g., assumptions made, how applied). Used to explain data to the public and elected officials. Use fact sheet for AG briefing on Haul Roads (recommended by MDNR)." Have a good weekend!
